

## Intro to Mass Transfer

### DESIGNED FOR

Paired with the four-day in-person class for engineers, or perfect as a stand-alone class for non-engineers in the refining, petrochemical, chemical, and EPC industries.

### COURSE OVERVIEW

Introduction to Mass Transfer is an online course designed to be taken as a pre-requisite for the four-day in-person training class OR as a stand-alone class to provide onboarding into the Mass Transfer industry. This course is designed to provide the student some of the basic information that will be required to take the Mass Transfer course (KG178). The course consists of approximately 7 modules which take approximately 6-8 hours to complete online.

### SOME TOPICS COVERED DURING COURSE

- Fundamentals
- General Concepts
- Phase Equilibria
- Thermodynamics
- Flash Distillation
- Tower Internals
- Effective Mass Transfer Area

### LOCATION, DATES & PRICE

Online / January 1 – December 31, 2025 — \$695

#### PLEASE NOTE:

KG151/Intro to Mass Transfer can also be taken as a standalone entry-level course for \$695. This \$695 fee is waived if the KG151 course is taken as a pre-requisite for the packaged price of \$2,995 with KG178.

Each participant will receive a certificate of completion.

## Payments/Cancellations

Your registration in a class is not guaranteed until payment in full has been received. Payment is due at the time of registration. Due to immediate access to this online course, refunds are not available.

We reserve the right to deny admission for any reason permitted by law including, without limitation, the admission of employees of companies that Koch Engineered Solutions deems to be a competitor. All decisions regarding admissions are made without regard to color, race, religion, gender, sexual orientation, national origin, ethnicity, age, disability, pregnancy, veteran status, or other legally protected factors. We reserve the right to cancel the registration of a student at our sole discretion. In such event, we will refund the course tuition.

Our company considers the health and safety of all our attendees, guests, and employees of paramount importance. All events shall be held in accordance with all company and venue policies and procedures as well as all local laws, regulations, and guidance in relation to COVID-19. It is the responsibility of each attendee to abide by all such policies,

procedure, laws, regulations, and guidance while attending the event. If an attendee is unable to attend the event and must cancel or postpone their reservation in order to comply with the aforementioned, the company shall endeavor to transfer the reservation to the next available event.

## Policy Statement

It is the policy of the Koch Engineered Solutions Institute that 100% of the tuition must be paid by the student's employer or an affiliate of the employer. Payment for classes may be made only once the students have been approved for admission.

## Thousands of Professionals Educated

Our industry values experience and expertise. That's why thousands trust us for training and education. Each year, professionals from around the globe attend the Koch Engineered Solutions Institute, where they learn from industry leaders in the classroom and at the largest, most advanced combustion testing facility in the world. Let us share our knowledge with you.
