

STREAMLINE YOUR TOWER SERVICES

Design, Fabrication and Installation From Start to Finish

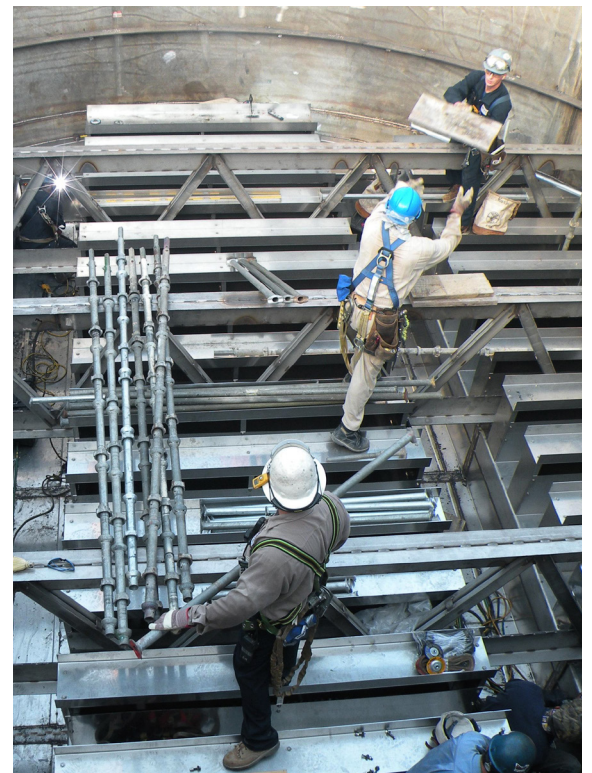

ONE-SOURCE SOLUTION

Correct installation of today's high-performance tower equipment is essential if you want maximum results. Our ONE-SOURCE SOLUTION approach integrates the design and fabrication of unique Koch-Glitsch technologies with the value-driven installation solutions and turnaround management from Koch Specialty Plant Services (KSPS). We optimize installations that are safer, faster and more cost-effective for column revamps and new construction. Emphasizing pre-job planning and design, we improve equipment performance, constructability and installation efficiency to shorten the duration of plant turnarounds and create cost savings for you.

TRUSTED EXPERTISE

Koch Specialty Plant Services has more than 40 years of experience in tower services for the refining and petrochemical industries.

Koch-Glitsch has over 100 years of experience and offers a global network of strategically located manufacturing, warehousing, engineering and service facilities to support your needs worldwide.

TOWER INTERNALS

- ◆ Installation, removal and modification
- ◆ Trays, packing and attachments
- ◆ Reactor internals
- ◆ Open, clean, inspect and repair
- ◆ Turnarounds, outages and shutdowns

REVAMPS/VESSEL SECTIONS

- ◆ Blind-to-blind
- ◆ ASME, NBIC repairs and alterations
- ◆ ASME, NBIC code welding and fabrication
- ◆ Structural attachments
- ◆ Nozzle repair, replacement and installation

FIELD FABRICATION

- ◆ Engineered field-fabricated vessels
- ◆ Fully Integrated ONE-SOURCE SOLUTION with Koch-Glitsch internals
- ◆ Vessel shell sections and heads

ONE STOP FOR FULL SERVICE

Streamline your turnaround and get back to business more efficiently.

- ◆ Specialty Welding and Piping
- ◆ John Zink Turnkey installation services
- ◆ Project planning and scheduling
- ◆ Inspection Services
- ◆ Koch-Glitsch equipment installation
- ◆ Field fabrication and tower maintenance
- ◆ Engineering, ASME and NBIC code stamps
