

Koch

Accounting Apprenticeship Program

The Vision: To provide an opportunity for people from any background with natural aptitudes and interest in accounting or tax to participate in an accelerated, 18-month education process that could result in full-time employment as an accounting or tax analyst at Koch or one of its companies.

The Candidate:

- Will gain hands-on, applied learning experience in the field of accounting and tax
- Receives a Technical Accounting Certificate from WSU Tech upon completion of the program
- Will be considered for full-time employment at Koch or one of its companies

Koch:

- Will cover all foundational coursework offered through WSU Tech and Koch
- Offers competitive compensation available throughout the apprenticeship
- Provides the opportunity for full-time employment upon completion of the program at Koch or one of its companies

ELIGIBILITY

- Be 18 years of age or older
- Able to work in the U.S. without sponsorship
- Able to meet the demands of a full-time student and be enrolled in the WSU Tech Accounting Certificate Program
- Available to work 20-40 hours during apprenticeship placement with intent to pursue full-time employment upon completion of the apprenticeship

HOW TO APPLY

Ready to take the next step? Or know someone who is? Complete our interest form [here](#).

Our team will contact you with more information about the program, eligibility and assist in the application process when a new cohort becomes available.

**Notice: Due to our partnerships and business need, timing and availability may vary. Completing the interest form does not guarantee employment or acceptance into the program.*
